2. International girl child day-kishori vikasam

Aim :-Minister for Women and Child Welfare Taneti Vanitha on Thursday said the State government had unveiled “YSR Kishori Vikasam” programme to address the violent mood swings being experienced by teenager during adolescence. Young teenagers often find it difficult to cope up with the mental and physical changes that they go through. They do not confide in their parents and seek for assistance from the peer groups. It makes matters worse as their friends are going through the same changes and cannot offer much assistance. The state government opines that lack of awareness is the main cause of this problem. To address this situation, and to help teenagers to control their mood swings, the state government has announced a new project, names YSR Kishori Vikasam Scheme. Under this project, teenagers will receive guidance from the experts. In this article, you will learn about the various aspects of this scheme.

PRR&VS Govt.college,Vidavaluru seeks to empower adolescent girls as to enable them to take charge of their lives the program through its interventions aims at bringing about a difference in the leaves of the adolescent girls opportunity to realize their potential,
