Expected value :

$$E(X) = \sum_{i=1}^k x_i \cdot \frac{1}{n} = \text{mean's distribution with } (n-1) \text{ d.f.}$$

Inference :

If $\mu_0 < \mu_1$ or $\mu_0 > \mu_1$ in the acceptance region and the null hypothesis is accepted and if $\mu_0 = \mu_1$, the null hypothesis H_0 may be rejected at the given level of significance.

Example 4:

Certain pesticides are packed into bags by a machine. A random sample of 10 bags is drawn and their contents are found to weigh (in kg) as follows:

30 37 32 44 47 48 46 45 39 47

Test if the average packing can be taken to be 35 kg.

Solution:

Null Hypothesis:

$H_0: \mu = 35$ kg is the average packing in 10 kg.

College, Vidavalur, SPSR Nellore is co-educational college located in rural geographical contexts, the Departments of Computer Science of these colleges have identified each other as ideal partners in bringing forth academic excellence. As both the departments of these two colleges have well qualified and certified teachers and teacher trainers in student centric methods and also similar Programmes and Courses in Computer Science the MOU facilitates sharing of resources for mutual benefit.

Purpose

This MOU will contribute for academic quality among students and professional support for faculty through curriculum designing, content generation and sharing of human resources.

The above goals will be accomplished by undertaking the following activities:

- Membership in the respective BOS
- Curriculum design
- Material development
- Developing e- content
- Faculty Exchange
- Student Exchange programs
- Guest Lectures/workshops for students and faculty
- Sharing Research expertise in core areas

The In-charges of both the Departments will monitor the programme

Reporting

The IQAC Coordinators of both the colleges will monitor the effectiveness of the programme.

Funding

There is no financial commitment, since the two institutions work as non-profit oriented entities in public sector

Duration

This MOU comes into effect from 13th February 2020 at-will and may be modified by mutual consent of authorized officials from The Department of Computer Science, PRR & VS Govt. College, Vidavalur, SPSR Nellore and the Department of Computer Science, Govt. College for Men (Autonomous), Kadapa.

This MOU shall become effective upon signature by the authorized officials from the

In-charge of the Department of Computer Science, PRR & VS Govt. College, Vidavalur, SPSR Nellore and the In-charge of the Department of Computer Science, Govt. College for Men (Autonomous), Kadapa.

It will remain in effect until modified or terminated by any one of the partners by mutual consent. In the absence of mutual agreement by the authorized officials this MOU shall end on 12-02-2025.

A BRIEF REPORT

on

The Activities Taken up as part MoUs during 2020-21

The Department of Zoology has functional MoUs with different institutes. During 2020-21, the department worked hard to cope up with the situation warranted by COVID – 19.

As online teaching-learning posed a critical challenge in transacting curriculum, both the teachers and the students felt it difficult to survive. The Dept. of Zoology, together with those of PR College(A), Kakinada and DRW College (A), Gudur took up the task of giving required training to the students to get familiarized with online teaching-learning. G-suite was subscribed by the institution, and we utilized the opportunity to the maximum. The following are the outcomes.

Activities taken up in collaboration with PR College (A), Kakinada

Activities taken up in collaboration with DRW College (A), Gudur

As part of the MoU with DRW College, DR. I. S. Chakrapani , PRR & VS Govt. College dealt with different topics for BZC students in the areas of Immunology, Aquaculture and Animal Embryology for students of both the colleges. Dr. Ch.Lalitha and Mrs. Sowjanya, faculty of DRW College (A) were the facilitators. All the classes were dealt with using google meet. The videos of immunology lectures are hosted on Youtube. This programme helped the students a lot, in attaining the learning outcomes from far away places, as they are held up in lock-down due to COVID-19.

Expected value :

$$t_c = \frac{\bar{x} - \mu_0}{\frac{s}{\sqrt{n}}} \sim \text{student } t \text{ distribution with } (n-1) \text{ d.f.}$$

Inference :

If $t_c \leq t_c$, it falls in the acceptance region and the null hypothesis is accepted and if $t_c > t_c$, the null hypothesis H_0 may be rejected at the given level of significance.

Example 1:

Certain pesticide is packed into bags by a machine. A random sample of 10 bags is drawn and their contents are found to weigh (in kg) as follows:

50 49 52 44 45 48 46 47 49 45

Test if the average packing can be taken to be 50 kg.

Solution:

Null hypothesis:

$H_0: \mu = 50$ kg as the average packing is 50 kg.
