Certificate Course in Environmental Sustainability

conducted by

DEPARTMENT OF ZOOLOGY

BRIEF REPORT

The Department of Zoology conducted Certificate course in Environmental sustainability from 17th Oct.2022 to 20th Nov.2022.

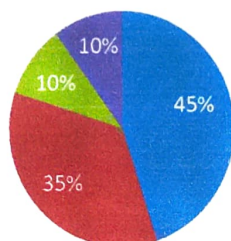

After the inauguration on 16th Oct.2022, classwork started. Dr.K.R.Shanmugam and Dr.I.S.Chakrapani engaged the classes.

20 students were admitted to the course. 18 of them attended the final exam and all passed. 11 of them got 'A' grade, 5 'B' grade and 2 'C' grade.

The valedictory was conducted on 25th Nov.2022. Course completion certificates were distributed.

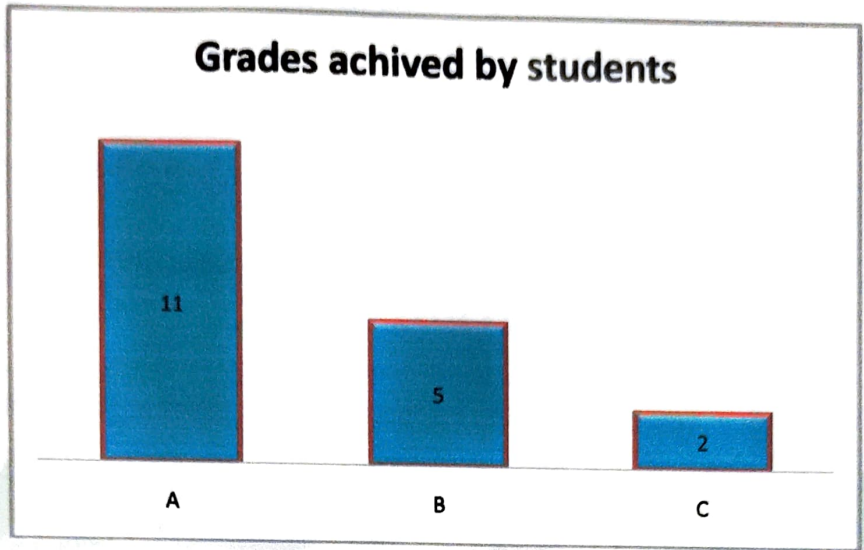

The course was successful in creating awareness among students, of the various environmental issues and remedial measures.

Madam,

Sub:- Dept of Zoology – Conducting Certificate Course in Environmental Sustainability
from 17th Oct.2022 to 20th Nov.2022 – Request for permission – Reg.
Ref:- Department minutes dt. 10th Oct. 2022

In consonance with the reference cited above, I would like to submit that the Dept. of Zoology is going to conduct a Conducting Certificate Course in Environmental Sustainability from 17th Oct.2022 to 20th Nov.2022 (4 weeks, 30 contact hours). Dr.K.R.Shanmugam, Lecturer in Zoology will act as the course coordinator.

I request that permission may kindly be accorded.

Thanking you madam,

Vidavalur
12.10.2022

(Accredited with B Grade by NAAC)

Vidavalur, SPSR Nellore District, Andhra Pradesh

CONCEPT:

The course is being run in an effort to provide awareness about environmental issues from the perspective of social sciences, technology, education and law.

OBJECTIVES:

It is expected that after going through the course, learners will have a comprehensive idea about the issues of environmental sustainability.

SYLLABUS:

Week 1

Introduction to environment and society
Factors affecting environment and society-1
Factors affecting environment and society-2
Our Common Future

Week 2

Trade & Environment- Concepts, issues and recent developments- part 1
Trade & Environment, Part2- The Doha Round
Legal Edifice of Environmental Protection
Environmental Impact Assessment Norms and their application in India
The Wild Life Protection Act, 1972
Environmental Law and Coastal Regulation Zones

Week 3

The Eastern Ghats- Issues of sustainability

The Forest Conservation Act, 1980

The Water Act

The Air –Prevention & Control of Pollution Act, 1981

Week 4

Environmental Friendly Technologies- Concept and Need

A Consumer Behavior perspective to Environmental Sustainability

Managing our environment for sustainability- Solar Energy

Managing our environment for sustainability, Wind Energy

Managing our environment for sustainability- Geothermal, Hydro and Tidal Energy

Sustainable Development and Environment friendly practices

Certificate Course in Environmental sustainability
QUESTION PAPER

Time: 2 Hrs

Max Marks: 50

SECTION – A

10X1 =10

1. **Which of the following statements is correct about achieving sustainable development?**
 - a. Sustainable development can be achieved by restricting the usage of renewable resources
 - b. Sustainable development can be achieved by controlling the growth rate of world's population
 - c. Sustainable development can be achieved by controlling the menace of pollution
 - d. All of the above
2. **Which of the following statements is true about global warming?**
 - a. Global warming has led to large scale deforestation
 - b. Global warming has led to a rise in the sea levels
 - c. Global warming has led to a rapid increase in the population across several countries
 - d. Global warming has led to a huge amount of waste generation
3. **Which of the following was the main purpose behind setting up the Central Pollution Control Board (CPCB)?**
 - a. The main purpose of the Central Pollution Control Board was to regulate air pollution
 - b. The main purpose of the Central Pollution Control Board was to regulate water pollution
 - c. The main purpose of the Central Pollution Control Board was to regulate noise pollution
 - d. The main purpose of the Central Pollution Control Board was to regulate deforestation
4. **Which of the following statements is correct?**
 - a. Tides are a conventional source of energy
 - b. Sun is a conventional source of energy
 - c. Wind is a conventional source of energy
 - d. Dried dung is a conventional source of energy

5. **Which of the following statements about the ozone shield is accurate?**
- Ozone shield is found in the troposphere
 - Ozone shield is found in the stratosphere
 - Ozone shield is found in the exosphere
 - Ozone shield is found in the mesosphere
6. **Which of the following statements is true about the ozone layer depletion?**
- Ozone layer depletion leads to the problem of skin cancer within humans
 - Ozone layer depletion results in a lower amount of production of phytoplankton
 - Ozone layer depletion hampers the growth of the terrestrial plants
 - All of the above
7. **Which of the following statements is true?**
- Ozone depletion is one of the main reasons for soil erosion
 - Deforestation is one of the main reasons for soil erosion
 - Air pollution is one of the main reasons for soil erosion
 - Global warming is one of the main reasons for soil erosion
8. **Which of the following statements is true?**
- The Central Pollution Control Board has identified twenty five industrial categories as significantly polluting
 - The Central Pollution Control Board has identified thirty five industrial categories as significantly polluting
 - The Central Pollution Control Board has identified forty five industrial categories as significantly polluting
 - The Central Pollution Control Board has identified seventeen industrial categories as significantly polluting
9. **Which of the following statements is true?**
- Economic growth is the modern concept for development
 - Political growth is the modern concept for development
 - Sustainable growth is the modern concept for development
 - Social growth is the modern concept for development
10. **Which of the following statements is correct?**
- Global warming is a result of ozone layer depletion
 - Global warming is a natural phenomenon
 - Global warming is defined as the rise in the average temperature of the surface of the Earth
 - Global warming is simply another term that scientists use to describe the greenhouse effect

SECTION – B

05X4 =20

11. What is the concept of sustainability?
12. What are the special features of the Eastern Ghats?
13. Why a wildlife protection act is needed?
14. What are renewable energy resources?
15. What is the need for conservation?

SECTION – C

02X10 =20

Answer any two questions.

16. Explain about Environmental Impact Assessment.
17. Write about different environmental protection acts in India.
18. What is the need for public awareness about environmental sustainability?
Explain with two examples.
19. What are Biosphere reserves? Explain the activities in a biosphere reserve.
